Connectivity

- **Bluetooth**
- **Headset:** Via mini USB connector
- **Bluetooth profiles:** A2DP, Headset, Object push profile

Product highlights

Handwriting recognition

The intuitive and fast way to write text messages. Simply write on the touch screen as you would write on a piece of paper to have the phone convert your handwriting into an SMS (Short Message Service) text message. The feature has built-in handwriting recognition capability in both Chinese (traditional and simplified) and English (Roman alphabet).

Touch screen

Use the touch screen and integrated stylus to switch to an interface that is simple, intuitive, and comfortable to use. The easy-to-use touch screen lets you quickly navigate menus, write SMS, personalize and give emotion to your pictures, play games, and access other applications.

Video capture and playback

The video capture function lets you record precious moments in MPEG4 or H263 format. Play it back on your phone or PC.

Megapixel digital camera

The integrated digital camera with 1.3 megapixel resolution (1024x1280 pixels) allows you to capture precious moments of your life anytime, anywhere with your phone. Press camera key to take vibrant pictures and use as wallpaper and fotocall, or to send later via MMS.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.
